

### Mini Top Hat Directions:

Cut out brim, top of hat, and crown from heavy paper. Roll crown into a cylinder so that it fits inside brim's center. Glue crown at overlap.

Cut notches along lines at top and bottom of crown. Fold notches outward at bottom of crown. Slip brim over crown and glue notches onto bottom of the brim. Fold notches inward at the top of crown. Put glue onto the top of the notches and fit top of hat in place. Trim top as needed.
